Dear Kids Clothes Club,

I would like to personally thank-you for the beautiful, warm coats we received for my students. It was a blustery, cold fall day when we received the coats. I had barely unpacked one coat and went to help with dismissal. There was a little boy in line who was wearing a light windbreaker. I stopped him and put on the warm jacket, I had just unpacked. The little boy told me "Janice I am so happy now I can play outside." He thanked me but the thank-you should have gone to you. I wish you could have seen the expression on his face ~ it made my whole week!

My sincere thank-you to your organization for this wonderful donation. We are most grateful.

Sincerely,

Janice A. Sheehan
